ADRION independent evaluation: Topic-wise contribution to EUSAIR implementation: Recommendations

- More and better communication, exchange and dialogue between ADRION and EUSAIR
- More dialogue between ADRION and EUSAIR to streamline their activities and

ADRION independent evaluation: Contribution to the governance and implementation capacity of EUSAIR

Dedicated PO4 and
SO4.1 implemented
through one single
project

Overall coordination
between ADRION and
EUSAIR satisfactory

EUSAIR key
implementers (75%)
find the support
effective to highly
effective (vital for
meetings and work)

Logistic support,
meetings, visibility,
papers/studies,
monitoring, information
exchange,
communication flows,
learning from others

One project too complex
to be easily managed
and implemented
Very low financial
absorption, low rhythm
of spending

Strategic activities
(monitoring and
evaluation, stakeholders
engagement) seem
delayed or stalled

Preparation of ADRION programming 2021-2027

Programming state of play

Due to health emergency all planned meetings and events in persons have been changed in online meetings and events.

They will be managed online at least until end of 2020.

Task Force

4 Task Force meetings have taken place so far
5th Task Force meeting scheduled on 30 September 2020

Territorial Analysis

Adriatic-Ionian area territorial analysis approved on 7 August 2020 and available on ADRION web site

ADRION future Policy Objectives

- 1.A smarter Europe by promoting innovative and smart economic transformation.
- 2.A greener, low-carbon Europe by promoting clean and fair energy transition, green and blue investment, the circular economy, climate adaptation and risk prevention and management;
- 3.A more connected Europe by enhancing mobility and regional ICT connectivity;
- 4.Enhance institutional capacity of public authorities and stakeholders to implement macro-regional strategies and sea-basin strategies
